Education

University of San Francisco
Expected Graduation: May 2027

- GPA: 3.99
- Design Major with a minor in UX/UI
- Deans List (5 semesters)

Notable Projects

Brand and Packaging Designer | Dontchuu
January–March 2026

- Conceptualized and executed innovative packaging designs for a scented nail polish product
- Created merchandise, marketing, social media, and mobile and desktop website mock ups to expand brand identity

UX and Web Designer | Entrepreneurship and Innovation Initiative, University of San Francisco

August–December 2025

- Conducted surveys to over 100+ USF students to learn more about their thoughts on entrepreneurship and innovation
- Presented work to multiple focus groups of 4-5 students to receive and incorporate user feedback
- Enrolled in supplemental web accessibility course prior to developing web pages
- Designed 5 web pages using Drupal for the school's website while staying within USF brand guidelines
- Performed usability testing of the website on 5 students to improve user flow
- Redesigned and added pages to USF's professional networking platform to create a more accessible hub for students

UXUI and App Designer | Phenomaly
September–December 2025

- Developed branding system, created logos, chose typography and color palette to create a cohesive identity
- Developed low and high fidelity wireframes to fully design the app on Figma
- Created a fully functional mobile prototype to showcase the features of the app
